North Campus Biotech Project to Start During Fall Semester

Hundreds Including Mayor Riordan Attend July 30 Groundbreaking Ceremony

The first phase of a more than $80 million biotech park on Cal State Northridge's North Campus is slated to begin construction during the fall semester. That follows a summer groundbreaking ceremony that attracted Los Angeles Mayor Richard Riordan and several hundred guests.

The complex will be built and occupied by MiniMed Inc. and other companies headed by biotech pioneer Alfred Mann. The university will receive hundreds of thousands of dollars-a-year in ground lease revenue from the project as well as gain research, internship and other academic benefits.

"In addition to providing strong academic ties with several of our colleges, the biotech park will be a significant economic asset for the San Fernando Valley," said CSUN President Blenda J. Wilson.

Under the proposal, Mann initially will lease 19 acres of the North Campus, first erecting a two-story research/development building and a 60,000-square-foot conference center, the latter to be shared with the campus. Ultimately, the project envisions 28 acres total and five buildings.

The July 30 groundbreaking ceremony gave Wilson, Riordan, Mann and others an opportunity to shovel some dirt on the future site of Mann's project. A group of teen-age girls who use an insulin pump developed by Mann also did a music and dance performance.

After the ceremony, CSUN Vice President for Administration and Finance Art Elbert, who conducted the university's negotiations with Mann, said the project's public-private partnership "can serve as a model for government agencies nationwide and for institutions of higher education."

Elbert added, "This project also will provide an outstanding opportunity for students to gain permanent high-paying jobs and the prospect of collaborative work between MiniMed and CSUN researchers."

Ultimately, Mann said he wants to move all of his now Sylmar-based companies to the CSUN site, seeking both larger facilities and the opportunity to keep well-paying biotech jobs within the city of Los Angeles. That facet of the project helped generate strong support from city officials.

"Today really marks a momentous occasion for MiniMed, Cal State Northridge and the city of Los Angeles," Mann said. "We're going to be moving our entire Sylmar operation here over the next several years."

One issue about the project—who would pay nearly $2.7 million in traffic and other mitigation measures required by the city—has been resolved, campus officials said. A nearly $1.5 million city grant and funding from Mann, offset by subsequent rent credits, should cover those obligations.
Under the proposal, Mann and his companies would lease the North Campus property for a 42-year initial term, with up to 40 additional years of options. As now planned, he would not lease the final 9-acre section, the portion that includes CSUN's current football field, until mid-2002.

Major Quake Recovery Events Highlight New Semester

Library Wings Groundbreaking, AMC Designs and UTA Demo All Coming

A groundbreaking ceremony for wings of the Oviatt Library, new designs for future arts, media and communication buildings and the completion of the University Tower Apartments demolition will be early fall highlights for Cal State Northridge's continuing earthquake recovery.

On Wednesday, Sept. 9 at 10 a.m., CSUN President Blenda J. Wilson, Dean of the University Library Susan Curzon and others will host the groundbreaking near the Oviatt Lawn for the $16.7 million contract to rebuild the wings, a project due for completion by October 1999.

Also starting the semester, campus officials plan to preview new building designs for the College of Arts, Media, and Communication. That project now has been split into two future buildings, a main south building near the former Fine Arts site and a smaller north building along Halsted Street.

And, campus officials said the contractor demolishing the University Tower Apartments high-rise on the North Campus-the last of five major buildings requiring removal because of the 1994 earthquake-is due to finish the project by this October.

Overall, the campus remains on schedule to complete its earthquake recovery during the year 2000, at an estimated cost of $378.7 million. Thus far, the Federal Emergency Management Agency (FEMA) has approved $324.9 million, and the campus has spent about $238.2 million of that.

Through the year, university officials are planning various methods to communicate updates on earthquake repair activity. One of the newest is a campus construction activity web site at www.csun.edu/~reconst/ that will provide details on active projects around the campus.

During the summer, officials said, repairs were completed on Jeanne Chisholm Hall, University Student Union Building A, 18 small campus projects and the off-campus San Fernando Observatory. Also, the last portable buildings were removed from the Engineering Field site.

Other project updates follow:

- **Oviatt Library Wings:** Planned to closely resemble the appearance of the former wings, the project calls for a 60,000-square-foot, four-story west wing and a 40,000-square-foot, three-story east wing over the book retrieval system. Occupants are slated to begin moving in by summer 1999.
- **Student Services Center:** Bids on the final contract to renovate the interior of the five-story, 129,000-square-foot former Administration Building to its future use will be in shortly, with the work slated for completion by summer 1999.
Health and Human Development Building/Technology Center: This combined two-story project is slated for the Engineering Field, with the technology section to the north and the HHD section to the south of the site. Construction should begin in mid-1999 and be done a year later.

AMC Buildings: The latest plan calls for a 65,000-square-foot building (AMC South) to house much of the college and a new, 31,000-square-foot expansion of the Art & Design Center (AMC North) to house the Art Department. Schematic designs will be previewed to the campus in September.

Monterey Hall: Bids on a renovation contract are due in early September, with completion scheduled for mid-1999.

Sierra Hall: Fourth floor renovation and other building code upgrade repairs are awaiting FEMA approvals.

Etiwanda Avenue: Bids are in on this project to move Etiwanda about 150 feet to the east between Prairie and Vincennes streets, with completion due this winter. That will mean moving the current reflecting pool to a new location adjoining the future Student Services Building.

Administration Building: Straightening Etiwanda Street will clear the site for the future 82,000-square-foot, three-story building that is now in the design phase. Construction should start in early 1999 with completion set for mid-2000.

- John Chandler
Campus Launches New, Free Shuttle Bus Service

Two Routes Will Serve Campus Core and North-Main Campus Trips

Cal State Northridge students, faculty and staff will have a new and still-free shuttle bus service starting with the fall semester to ease getting around the university and longer trips between the main and north campuses.

CSUN President Blenda J. Wilson, Vice President of Student Affairs Ron Kopita and Public Safety Department Associate Director Ed Ball held a Monday, Aug. 24 ribbon-cutting ceremony to launch the new dual-route service, which is called the CSUN Campus Circulator.

Route A will circle the campus core, running on five minute headways during the day and 10 minute headways after 5 p.m. Route B, connecting the main and north campuses, will run on 10 minute headways. Both will remain free to students, faculty, staff and campus visitors.

"We're here to celebrate the beginning of a new shuttle bus system," Wilson said at the campus ribbon-cutting ceremony. "This isn't having your car right outside your door, but it's as close as we can get to it," the president added.

The new service, expected to cost between $330,000 and $380,000 in campus parking permit funds this year, replaces a more expensive service that had been funded by the Federal Emergency Management Agency from the 1994 earthquake until ceasing that support last spring.

With campus earthquake repairs still underway, CSUN officials said they considered it a priority to continue some type of shuttle service. "We're trying to encourage people to find ways to not get in their cars and drive three or four blocks," Ball said.

The new white shuttles, painted with CSUN's red color, will be run by R & D Transportation Services, which already operates the city-funded West Valley Smart Shuttle service in the surrounding community. The company is using four to five of those buses for its CSUN service.

One major change from last year's campus service is the switch from its larger 52-passenger buses to the new 22-passenger models, which also are wheelchair accessible. Another feature is campus shuttle riders can now purchase 50-cent transfers for outbound trips on MTA buses.

The overall service will run Monday to Thursday from 7 a.m. to 11 p.m., and from 7 a.m. to 5:30 p.m. on Friday. Through a separate bus, the campus service also will continue to connect with all morning and afternoon trains at the Northridge Metrolink train station.

-John Chandler
Cal State Pursuing Post-CETI Technology Funding Plan

New Approach to Seek State Support and Other Contributions

Despite the summer demise of the proposed CETI partnership, Cal State officials already are crafting a new plan that seeks to build out the system's technology infrastructure by tapping several funding sources, including the state's capital outlay program.

Cal State Northridge officials who have participated in briefings on the subject said CSU officials hope to soon release documents to the 23-campus system spelling out the details of the latest technology funding plan, permitting consultation during the fall semester.

"An improved [state] financial environment and legislative support for utilizing technology to address the urgent need to improve teacher preparation, for example, provide a climate in which new funding strategies can be pursued," said CSUN President Blenda J. Wilson.

"The need still exists. Everything that CETI was trying to accomplish still needs to be accomplished," added Mark Crase, one of CSUN's representatives to the Cal State system's Systemwide Internal Partnership (SIP) team. That group had been planning CETI and now is working on its successor.

Last June 26, Cal State Chancellor Charles Reed announced the end of discussions over the proposed California Educational Technology Initiative (CETI) partnership between the CSU and telecommunications giant GTE Corp., which would have been the proposal's main private-sector partner.

CETI had envisioned the CSU partnering with four or more corporations to build out the system's technology infrastructure at an estimated cost of $250 million to $300 million. But ultimately, amid a range of concerns, CSU and GTE said they were unable to reach agreement on financial terms.

Art Elbert, CSUN's vice president for administration and finance, said the current discussions envision the CSU pursuing several funding sources to pay for the upgrades. Those chiefly would include state capital outlay funds, if state voters in November approve an education bond act.

Elbert said the CSU also is looking at financing some upgrades using the system's own budget resources and seeking campus commitments, among other sources. Officials said the latest plan envisions an internal partnership among the campuses, unlike CETI's notion of external partners.

Crase noted that the current proposal envisions a somewhat longer technology buildout period than CETI, perhaps four to five years. Because desktop computer hardware, software and support needs are not eligible for capital outlay funds, support and funding strategies for those needs are being pursued on a separate but parallel track.
FYI

*For Your Information* publishes announcements of public meetings, notices, events, deadlines and classes and courses of interest to the university community. The **deadline for submitting items is noon on Monday one week before the issue appears. The deadline for the next issue of Sept. 8 is Tue., Sept. 2 due to the Labor Day holiday.**

We will strive to include all items submitted by deadline occurring during the two-week period until the next issue. Items further in advance will be run on a space-available basis. Please submit items by sending them to mail drop 8242, faxing them to (818) 677-4937, or e-mailing them to pubinfo@exec.csun.edu. E-mail is the preferred method of submitting. Note: *fmi*-means for more information.

Public Meetings

**President's Advisory Board on Intercollegiate Athletics**

Meets 7 p.m. Tue., Sept. 1, President's Conference Room A.

**Faculty Executive Committee**

Retreat/Workshop 1-5 p.m. Thu., Sept. 3, University Club, Lamb's Lounge.

**Athletic Facilities Siting Advisory Committee**

Meets 6:30 p.m. Thu., Sept. 3 and 10, University Club, Northridge Room.

**Educational Resources Committee**

Meets 2-4 p.m. Tue., Sept. 8, President's Conference Room C.

**Statewide Academic Senate**

Meets 1:30-5 p.m. Thu., Sept. 10, and 8:30 a.m.-4 p.m. Fri., Sept. 11, at CSU Headquarters, 400 Golden Shore, Long Beach.

**CSUN Foundation Directors**

Quarterly meeting Sun., Sept. 13. All welcome. Call x2150 for time, place and additional information.

Notices

Emergency Procedures

Reference guides describing the steps to be taken in the event of an emergency are posted in every classroom and office on campus. Some of the emergencies covered include fires, earthquakes, medical emergencies and building evacuations. To ensure that everyone is familiar with these procedures, make sure a copy is posted in classrooms and work areas. The procedures should be reviewed regularly with all students, faculty and staff. Suggested forums include:

- A 5-minute review during the first class meeting of the semester
- Staff meetings
- Monthly safety meetings
- New employee orientation and training

In particular, all students, faculty and staff should know how to evacuate their buildings and where to go after leaving. For extra copies of the safety procedures, call the Environmental Health and Safety Office. fmi-x2401.

Revised Faculty Policies

President Blenda J. Wilson has approved a policy statement concerning appointment and evaluation of department chairs (Section 622.6) that was passed by the Faculty Senate on May 14. The policy sets three-year terms for chairs, includes procedures and due process for reassigning chairs to the faculty and provides feedback to the department after a chair has been evaluated.

Wilson also approved a revised policy on library loans to the faculty that was passed by the Faculty Senate on April 16. The policy now states that library materials can be renewed only once with a maximum loan period of up to two years. After that period, materials must be returned for inspection, repair and reshelving before a new loan cycle can begin. The due date for faculty loans will remain in February.

Department Chairs Named

The following new department chairs have been approved by President Blenda J. Wilson: Magnhild Lien, mathematics; Eugene Fritsche, geological sciences; Cynthia Rawitch, journalism, and Kim Greenhalgh, business law. Nagwa Bekir will continue as chair of electrical and computer engineering.

Laboratory School Enrollment

CSUN's Laboratory School is now accepting enrollments for its kindergarten program. The school, on Halsted Street in the northwest area of the campus, is nationally accredited and licensed, and is staffed by a credentialed, faculty educator as well as university students training to be teachers. The adult/child ratio is 1 to 4 and includes a five-hour program with a nutritious lunch and snacks. Before and after school care is available from 7:30 a.m.-5:30 p.m. Enrichment after school classes are also available. fmi-x3131.

Current Address Information

All university employees (including student employees) must maintain current home address information with CSUN. For a change of address, employees need to complete an Employee Action Request form available in Payroll Services,
Administration Park 705, and in Human Resource Services, Administration Park 702. Employees also can call Human Resource Services at x3812 and request a form be mailed to their campus address. Notify department secretaries of any address change. fmi-Payroll Services, x2314, or Rhonda Gershon, x3812.

Parking Signs

The north side of Nordhoff Street between Amestoy and Etiwanda avenues has new "No Parking" signs as well as the south side of Nordhoff between Zelzah and Etiwanda avenues. The morning hours are 7-9 a.m. New afternoon hours are 4:30-7 p.m., changed from 4-7 p.m. to allow students to move their cars after afternoon classes to avoid citations.

Student Parking Regulations

Parking Services is available to assist or answer any questions regarding student parking on campus. Student permit parking is available in Lots A, B, C, O and the parking garage on Zelzah Avenue near Kinzie Street. Students may park in these lots with either a semester or daily permit. The cost for a permit is $63 in those lots, or a discounted $40 for a Lot T permit. Permits can be obtained at the cash management office in the Education Administration building at the corner of Vincennes Street and Etiwanda Avenue.

Daily permits are available at the three information booths and at a machine in the parking garage. The information booths are located at Nordhoff Street at Lindley Avenue, Darby Avenue at Prairie Street and Zelzah Avenue at Plummer Street. Metered parking is also located throughout the campus. Parking permits are required every day including Sundays, 24 hours a day, and must be clearly displayed. If individuals are not going to change vehicles, place the permit on the left corner of the rear bumper or clearly in the driver's side front windshield. If anyone receives a citation and believes it is unjust, state law mandates an appeals process. To appeal a parking citation or for any questions about campus parking, contact Parking Services, UPA Building 11, room 105, or call x2157.

Faculty, Staff Promotions

President Blenda J. Wilson is pleased to announce the following promotions effective Aug. 26.

To professor:

- Adams, John, Modern and Classical Languages and Literatures
- Cadavid, Ana, Physics and Astronomy
- Cary, David, Finance, Real Estate and Insurance
- Chen, Deborah, Special Education
- Farivar, Sydney, Elementary Education
- Hirota, Akiko, Modern and Classical Languages and Literatures
- Lopez, Jack, English
- Polewczak, Jacek, Mathematics
- Say, Elizabeth, Religious Studies
- Theodoulou, Stella, Political Science
- van der Westhuizen, Brian, Marketing
- Ye, Richard, Accounting and MIS

To associate professor:

- Huff, Robert, Health Sciences
- Kim, Jaime, Computer Science
- Melikyan, Gagik, Chemistry
- Moon, David, Art
- Neubauer, Michael, Mathematics
- Prince, Stewart, Mechanical Engineering
Whiting, William, Kinesiology  
Wilson, Barbara, Office Systems and Business Education

To librarian:

Reagan, Michael, Reference and Instructional Services

To student services professional, academic related III:

Okazaki, Carolyn, University Counseling Services  
Schmidt-Levy, Judith, University Counseling Services  
Shapiro, Bruce, University Counseling Services

CalPERS Open Enrollment

During the CalPERS open enrollment Sept. 1 to Oct. 15, all eligible state employees can enroll in a state group health, dental and vision plan and/or a FlexCash plan for the first time, change plans or add eligible dependents. Representatives will be on campus from 10 a.m.-2 p.m. Thu., Sept. 10, in the University Student Union, West Valley Room, to answer employees' questions. fmi-Jean Gearing, x3810.

NCOD Information

CSUN's National Center on Deafness provides the following Q. & A. for university faculty and staff members to better serve the university's deaf and hard of hearing students.

Q. How can faculty members assist service providers for deaf and hard of hearing students?

A. Interpreters, notetakers and real-time captionists (as well as students) find it very helpful when faculty members write specialized terms, names and dates on the board. They also are aided by a copy of the syllabus and, if possible, a written list of terms at the beginning of the semester.

Service providers are obliged to spell these terms correctly, but may not be familiar with the spelling of unusual words or jargon. The deaf or hard of hearing students may know the correct spelling, but the service provider also needs to know the correct spelling.

The interpreter may (after class) ask the faculty member the definition of a term as it relates to that class. This will assist the interpreter in choosing an appropriate sign for the concept that best expresses the faculty member's intent.

For more information, the National Center on Deafness/Western Region Outreach Center & Consortia is sponsoring a live teleclass, "Focus on Faculty: Effective Pedagogy with Students who are Deaf and Hard of Hearing." The teleclass will be Thu., Sept. 24, from noon-2 p.m. fmi-x2611.

University Holiday, Closure Schedule

President Wilson has determined the university holiday schedule for the 1998-99 academic year. The university will be closed from Fri., Dec. 25, through Fri., Jan. 1, and will reopen Mon., Jan. 4.

Monthly rate employees are entitled to the paid holidays on the day they are observed on campus unless they are in a non-pay status on the holiday, or they are required to work to perform necessary services. Hourly employees are eligible for prorated holiday pay pursuant to the table provided to all departments by memo dated Dec. 18.

Employees who are required to work on a holiday will receive holiday compensation or compensatory time off. The holidays listed below are in addition to the personal holiday that every employee receives each Jan. 1, and which must be used before Dec. 31 that year. Part-time employees and hourly employees are entitled to a personal holiday on a
The university will be closed on the holidays listed below. Essential services, such as campus security, will be maintained on all the days of closure.

**University Holidays**

Labor Day, Mon., Sept. 7  
Thanksgiving Day, Thu., Nov. 26  
Admission Day obs., Fri., Nov. 27  
Christmas Day, Fri., Dec. 25  
Columbus Day obs., Mon., Dec. 28  
Veterans' Day obs., Tue., Dec. 29  
Lincoln's B-day obs., Wed., Dec. 30  
Washington's B-day obs., Thu., Dec. 31  
New Year's Day, Fri., Jan. 1  
Martin Luther King, Jr. Day., Mon., Jan. 18  
Memorial Day, Mon., May 31  
Independence Day obs., Mon., July 5

**Our Deepest Sympathy**

The campus extends its sympathy to:

- Vicki Morton (Journalism) and her family on the loss of her husband, Keith Morton, professor and former chair, the department of anthropology.
- Joseph Antunez (Provost's Office) and his family on the loss of his mother.
- Gale LaFreniere (Extended Learning) and her family on the loss of her father.
- Maria Amaya (Physical Plant Management) and her family on the loss of her father.

**Events**

**Welcome Week**

The University Student Union is hosting a series of free Welcome Week events for the campus community. Schedule is as follows:

- Tue., Sept. 1: Hollywood-style multimedia game show called "Earning Credit." 5:30-6:30 p.m. in the Satellite Student Union, Fernandeno Room. Win a $1,000 scholarship and additional prizes.
- Wed., Sept. 2: Hypnotist show with Chuck Milligan, 8 p.m. USU Northridge Center.

**AS Officers Installation**

CSUN's Associated Students will hold its annual installation of officers on Tue., Sept. 1, in the USU Grand Salon. A luncheon buffet will begin at 1 p.m. followed by the installation of officers and remarks at 1:30 p.m. and a Student Senate meeting at 2 p.m.
President's Welcome Picnic

CSUN President Blenda J. Wilson and faculty and staff members will don aprons Wed., Sept. 2, to welcome new and returning students with a picnic. The event will take place on the Oviatt Lawn from 11 a.m.-1 p.m. and 5:30-7:30 p.m. Faculty and staff volunteers will join the president and other administrators in dishing out food, drinks and other goodies. fmi-x2391.

Meet the Clubs Day

Meet the Clubs Day, an event to introduce the various student opportunities and organizations on campus, will be held 10 a.m.-5 p.m. Wed., Sept. 2, in the Sierra Quad. This is an opportunity for faculty and staff to display projects and to recruit students for internships, fellowships, research projects, employment or organizations. fmi-Kelly Kuchenbrod, Office of Student Development & International Programs, x2393, or e-mail kelly.a.kuchenbrod@csun.edu.

Library Wings Groundbreaking

A groundbreaking ceremony for the Oviatt Library's new wings will be held 10 a.m. Wed., Sept. 9, under the shade trees near the southeast corner of the Oviatt Lawn. CSUN President Blenda J. Wilson, Provost Louanne Kennedy, Vice President Art Elbert, Dean Susan Curzon and State Sen. Cathie Wright (R-Simi Valley) will be among those participating. Refreshments will be served.

Faculty Peer Coaching Program

Faculty members are invited to participate in CSUN's Peer Coaching Program this fall. Each participant will pair with a colleague from a different discipline to observe each other's teaching and provide constructive, reflective feedback. The feedback-collegial, supportive and confidential-will be based on the teaching strategies participants have asked their partners to observe.

Time commitment will range from six to eight hours, including an orientation session, peer coaching practicum, working with a partner and an end-of-semester discussion meeting. Participants may want to select a coaching partner outside their discipline and ask him or her to join them at orientation.

The orientation session will feature success stories from last semester's peer coaching faculty and a short, peer coaching practicum. Orientation will be noon-1:30 p.m. Tue., Sept. 15, in the Center for Excellence in Learning and Teaching, Music Lawn 254 (south of the Matador Bookstore). fmi-Cynthia Desrochers, x7892, or e-mail cynthia.desrochers@csun.edu.

Classes

Extended Learning Classes

The College of Extended Learning offers the community an array of professional development and self-enrichment classes through its fall extension program. Registration is now underway on a walk-in or mail-in basis. The program includes courses in business and management, computers, contract management, purchasing, foreign languages, a master of public administration program, test preparation classes and more. Most classes are evenings or weekends on campus. Catalogs and registration information are available by calling x2786, or e-mail exl@csun.edu. Accelerated language classes are also offered for two intensive weekends in which participants learn the basics of Spanish, French or Italian. fmi-Daniele Dibie, x4769.

Technology Training
Information and Technology Resources (ITR) offers a variety of free information and technology training workshops to faculty, staff and students. The September workshop schedule is accessible on the web beginning Mon., Aug. 31, at www.csun.edu/itr/tsg/training/schedule.html. Printed copies will be sent to campus offices. fmi and reservations-x3966, or e-mail training@csun.edu.

Defensive Driving Courses

Defensive driving classes will be offered Tue., Sept. 15, in the USU Thousand Oaks Room, and again Wed., Sept. 16, in the USU West Valley Room. Class times for both days are 8:30 a.m.-noon and again from 1-4:30 p.m. Faculty, staff and student employees who drive a state vehicle (including carts) in the course of their work must complete this class. Note: this class no longer needs to be repeated every four years. Space is limited. For reservations, call Kathy Yamaguchi, Environmental Health and Safety Office, x2401.

Ceramics Lab

The USU ceramics lab is offering fall classes in wheel throwing and hand building. These small, non-credit, eight-week sessions offer individual instruction plus additional time to work outside of class. Register early, space is limited. fmi-x2798.

Deadlines

SFV Economic Research Center

The College of Business Administration and Economics and Dean William Hosek invite the campus and community to attend the launching of the San Fernando Valley Economic Research Center, 7:30-9 a.m. Wed., Sept. 9, at the University Club. Continental breakfast will be served. RSVP by Wed., Sept. 2. Cost is $20 per person. Space is limited. fmi-x3621.
Japanese Culture Exhibit

**Dates:** Through Sat., Sept. 26  
**Times:** Noon-4 p.m. Mon. and Sat.  
10 a.m.-4 p.m. Tue.-Fri.  
**Place:** Art Dome ML 236  
**Reception:** Thu., Sept. 3, 6-9 p.m.

Japanese Kimonos

"Japanese Kimonos: Traditional Motifs" features more than 50 kimonos that are identical in shape and size for both men and women.

**Dates:** Through Sat., Sept. 26  
**Times:** Noon-4 p.m. Mon. and Sat.  
10 a.m.-4 p.m. Tue.-Fri.  
**Place:** Art Dome ML 236

Raices-Roots: Tres Generaciones

The paintings of three generations of local Latino artists, Frank Martinez, Lalo Garcia and Ricardo Ortega.

**Dates:** Thu., Sept. 10,-Sun., Dec. 20  
**Times:** 10 a.m.-2 p.m. Mon.-Fri.  
**Place:** USU, Arts Center Lobby Gallery  
**Reception:** Thu., Sept. 10, 6-8 p.m. North Gallery Exhibitions People-to-People International, CSUN Assn. of Retired Faculty and the CSUN Art Galleries present an exhibition of Russian artist Yuri Kuznetsov's folk art-inspired contemporary paintings.

**Dates:** Tue., Sept. 1, to Sun., Sept. 20  
**Times:** Noon-4 p.m. Mon. and Sat.
10 a.m.-4 p.m. Tue.-Fri.  
**Place:** Halsted Houses 1102.  
**Reception:** Sun., Sept. 13, 2-5 p.m.

**Athletics (home games)**

**Football:**

Sept. 26, Eastern Washington (Founders Weekend game), 3:05 p.m.

**Women's Soccer:**

Sept. 1, UC Santa Barbara, 7 p.m.  
Sept. 11, Pacific, 6 p.m.  
Sept. 13, Oregon State, 4 p.m.

**Women's Volleyball:**

Sept. 10, Santa Clara, 7 p.m.  
Sept. 12, Portland, 7 p.m.

**Dance Recital**

Shelia Jean's Studio of Dance annual fall recital featuring students of tap, ballet, jazz, hip hop and acrobatics.  
**Dates:** Sept. 19-20  
**Times:** 7 p.m. Sat., 3 p.m. Sun.  
**Place:** Performing Arts Center  
**Tickets:** (818) 368-3291

**Film**

**USU Film Series**

All films are free.  
**USU-University Student Union.**  
**SSU-Satellite Student Union.**  
Call within five working days for a sign language interpreter.

Sat., Sept. 5 Mon., Sept. 7  
**Deep Impact**  
Fri., Sept. 4, 8 & 10 p.m. SSU  
8 p.m SSU  
8 & 10 p.m. SSU  
**Wild Things**  
Sat., Sept. 5 10 p.m. SSU
Sun., Sept. 6  8 & 10 p.m. SSU

Music

Admission to all music events (unless otherwise specified): $6.50 general, $5 faculty and staff, $3.50 students and seniors

Capercaillie Performance

A Celtic music band performing centuries-old music of Scotland and other ethnic cultures.

Date:  Thu., Sept. 24  
Time:  8 p.m.  
Place:  Performing Arts Center  
Admission:  $24.50  
Tickets:  (818) 677-2488

The Nuance Ensemble

Music by alumni Sandra Kipp, flute, and Roger Wilkie, violin, with Mona Wu DeCesare, piano.

Date & Time:  Fri., Sept. 25, 8 p.m.  
Place:  Music Recital Hall

American Guitar Society

Classical guitar music performed by Olivier Chassain.

Date & Time:  Sun., Sept. 27, 4 p.m.  
Place:  Music Recital Hall

August 31, 1998
