New Dean Appointed for College of Business & Economics

Michael Fronmueller Served as Business Dean at University of Louisiana-Lafayette

Michael Fronmueller, *right* a veteran business educator with more than 20 years experience and research interests in strategic management and international business, has been named the new dean of the College of Business and Economics at Cal State Northridge effective July 1. He succeeds Dean William Hosek, who is retiring. Fronmueller, who is fluent in German and can read French, comes to the university after having served since 1999 as dean of the College of Business Administration at the University of Louisiana at Lafayette. While there, he helped develop a new business systems and technology major that was selected as a showcase program and was very active in fundraising.

"There is a lot of excitement on campus and in the community, and I am looking forward to being a part of that," said Fronmueller of his move to Northridge. "In the San Fernando Valley as a whole, this is a very exciting time. There are a lot of things happening and the businesses in the area are really making it one of the best places in the world to be."

The business college is the largest of nine colleges at the university with about 6,200 students. It includes the departments of accounting and information systems; business law; economics; finance, real estate and insurance; management; marketing, and systems and operations management. The college also hosts more than a half dozen centers, including one on the San Fernando Valley economy.

"Dr. Fronmueller's extensive research interests in such subjects as strategic management, marketing and international business, as well as his experience as a teacher and administrator, make him a wonderful choice as dean of our College of Business and Economics," said Provost Louanne Kennedy in announcing the appointment.

Fronmueller was a management faculty member at Boise State University from 1990 to 1999, including the last three years as department chair. He also taught at Washington State University at Pullman and Eastern Washington University. He received his undergraduate degree in Germany, his M.B.A. at Eastern Washington and his doctorate from Washington State.

Fronmueller said one of the first things he plans to do after arriving on the Northridge campus is listen. "I plan to do a lot of listening, to people both on and off campus, to learn about the community and the campus," he said.

"I am very supportive of the notion that we have to have partnerships with the community and that we need to work with the community. I want to know what their needs are," Fronmueller said.
While at the University of Louisiana at Lafayette, Fronmueller launched projects to develop an executive MBA program with a focus on the healthcare industry and a consortium-based online M.B.A. program in collaboration with other campuses in the University of Louisiana system.

He also helped raise $3.4 million to fund 14 professorships and two endowed chairs in entrepreneurship and e-business. While at Boise State, Fronmueller served as chair of the Management Department, which was the first at the university to offer courses via the Internet.

Fronmueller is married and has a two-and-a-half-year-old daughter.

Susan Scott in Geography Named Employee of the Year

Scott Receives Award and $1,000 Check at 36th Annual Staff Services Recognition Ceremony

Through her 14 years as administrative support coordinator for the Geography Department, Susan Scott (right) has done countless things right in her job, regularly performing above and beyond expectations, according to the faculty and staff members who know her best.

She's taken university classes to learn web design to help her department, learned sign language through the university's fee-waiver program to better interact with students, become the lead secretary in the College of Social and Behavioral Sciences for training her peers, and even served as the college's lead secretary for People Soft implementation.

However, Scott was wrong about one thing. She figured the university would never pick a department secretary for its staff Employee of the Year Award—since the secretaries often do the nuts and bolts work of the campus—until Scott learned that she had indeed been chosen as CSUN's 2002 Employee of the Year.

"I was just completely stunned when they called and told me," Scott said. "My first reaction was I was so grateful they were giving the award to a department secretary.

"We do so much on campus. We do payroll, purchasing, department finances, helping with student advising, faculty hiring, planning special events, scheduling classes, supervision and so on. It's like you do a little bit of everything on campus," she said.

During the 36th annual Staff Services Recognition Ceremony on Friday, May 10, university President Jolene Koester presented Scott with this year's award, which includes a plaque for Scott and her name being inscribed on the university's plaque with prior award winners. She also received a $1,000 check from the Matadors Community Credit Union.

"The event gives me an opportunity to spend time with the staff, and to personally thank them for contributing to the excellence of the university," President Koester said. "This year's Employee of the Year, Susan Scott, exemplifies the hard work and dedication of all of the university's staff members."

Scott was nominated for the award by Geography Department chair Antonia Hussey, and drew supporting endorsements from others both in her department and college. The award recipient is chosen each year by members of a campus-wide committee that includes representatives from each of the university's four divisions.

"In Susan's nomination packet, there was example after example of how she had been creative and innovative, taken
initiative, demonstrated leadership and significantly contributed to the team effort," said committee chairperson Stacy Edwards. "While all of the nominees demonstrated excellent attributes, Susan clearly demonstrated an extraordinary level of excellence across the board."

Scott came to the Geography Department in 1988 as department secretary and has served there ever since. "This place is great. The faculty and staff in geography are wonderful to work with. I feel lucky to work in such a good environment," she said.

Scott also said she feels a real connection to the university, which she describes as a good place to work. She lives several blocks from the campus, walks for exercise here with her husband John and saw her daughter Sonya graduate as a health sciences major and go on to become a Los Angeles public school teacher.

Through the years, though, one special benefit Scott says she has received from working on campus is the opportunity to learn and use a variety of computer software packages and technologies, a knack she picked up in her prior career as a Lockheed flight test data analyst. "I really love all the computer technologies we have. I think it's fun and interesting," she said.

Through it all, Scott has learned to be flexible. "I always figure I can do almost anything here, unless it all comes at me at once," she said.

Briefs

Rawitch Named New Assoc. Dean in AMC

College of Arts, Media, and Communication Dean William Toutant has announced the appointment of Cynthia Rawitch, chair of the Journalism Department since 1998, as the college's new associate dean effective August 21.

"With a wealth of experience as a professional journalist and as a member of the CSUN journalism faculty, Dr. Rawitch brings outstanding expertise to this position," Toutant said in announcing the appointment.

After working as a general assignment reporter, state editor, radio writer and editor for Associated Press, Rawitch began teaching at Northridge as a part-time lecturer in the Journalism Department, and joined the full-time faculty in 1984, teaching a wide variety of courses.

When the College of Arts, Media, and Communication was formed, she served in the dean's office as transition coordinator, and drafted all of the new college's policies and procedures. She also was the coordinator/writer of the university's highly praised accreditation self-study.

In other university-wide assignments, Rawitch also serves on the University Planning and Budget Group, and as chair of the university's Council of Chairs. Rawitch succeeds Paul Krivonos, who has served for the past three years as interim associate dean.

First Place Finish for Information Systems Students

The Accounting and Information Systems Department announced that a team of five Northridge information systems students finished first in the Business Systems Analysis and Design category of the sixth annual information technology competition for Southern California universities, besting teams from USC, CSU Fresno, CSU Los Angeles and Cal Poly Pomona.

This was the first Northridge team to win this competition. Team members included Stelian Damu, Sam Ee (captain), Marisol Magana, Midori Murata and Sean Sedruley. Their advisors/coaches were professor Dat-Dao Nguyen and professor David Liu, along with help from the College of Business and Economics Office of Information Technology and Vic Catalasan.

The competition consisted of analyzing, designing, documenting and presenting an enterprise solution for a multinational, multibillion dollar biotech company (process modeling, data modeling and object modeling), including a thorough analysis of the economic, managerial and technical feasibility of various Enterprise Resource Planning (ERP) candidate solutions.
The victory comes as the department is inaugurating its new Bachelor of Science degree in Information Systems, which was developed through an interdisciplinary collaboration between the Information Systems and Computer Science departments.

New Learning Resource Center Director Appointed

Humberto Segura has been named the new director of the Learning Resource Center at Cal State Northridge following a nationwide search. Segura will assume his new duties July 1, said Margaret Fieweger, associate vice president for undergraduate studies.

Segura comes to Northridge from the University of Massachusetts at Amherst, where he has worked since 1994, first as founder and director of its Learning Resources Center and later as associate to the vice chancellor for student affairs and campus life.

At Amherst, Segura forged strong ties with programs in both academic and student affairs to help guide efforts to improve the retention and graduation of undergraduate students. He has a strong commitment to working with students of diverse backgrounds, especially first-generation college students.

While there, he also developed a tutor training program that obtained certification from the College Reading and Learning Association. He also introduced supplemental instruction and video supplemental instruction to the campus after completing supervisor training at the University of Missouri, Kansas City.

Segura has extensive teaching experience, ranging from bilingual teaching for the American Embassy in Bogota, Columbia, to teaching graduate and undergraduate courses as an adjunct professor in the School of Education at the University of Massachusetts. He succeeds Robert Stoneham, who has been serving as interim director of the Northridge LRC.

Online Students to Meet for First Time at Graduation

Although they have been in the same class for three years, many of the 24 students in Cal State Northridge's first online degree program will meet for the first time later this month at their graduation ceremony.

The students make up the first cohort of a recently established online master's degree program in speech-language pathology sponsored by the colleges of Health and Human Development and Extended Learning.

The students will receive their diplomas at the College of Health and Human Development's ceremony at 6:30 p.m. Thursday, May 30, on the Oviatt Lawn.

For many of the students, commencement will be the first time they have ever set foot on the Northridge campus. The graduates completed their coursework via Web, e-mail and fax while engaging in supervised fieldwork. Professors in the program gave tests via the computer and communicated through e-mail, computer discussions and chat rooms.

"The program allowed me to custom-fit class schedules around my job and family," said Denise Duff, a graduate from Huntington Beach. "I could attend class early in the morning or late at night. I could go to class in my pajamas and slippers."

The three-year program trains therapists in schools, hospitals, nursing homes and rehabilitation centers to help people overcome speech impediments caused by conditions such as autism, strokes, accidents and birth defects.

Northridge Students Win Research Competition Awards

Cal State Northridge students won a first place, second place and honorable mention in the 16th annual CSU Student Research Competition held Friday and Saturday, May 3-4, at Cal State Long Beach. Nine CSUN students in all participated.
Abhijit Chaudhari, competing against 10 other students, won first place in the Engineering and Computer Science category. Mohenish Singh, competing against 13 others, won second place in Health, Nutrition, and Clinical Sciences.

Luis Zuniga, competing against nine others, won an honorable mention in the Engineering and Computer Science category. This undergraduate section was the only one in which an honorable mention was awarded.

The full list of Northridge students and their faculty mentors is as follows:

Name, Faculty Mentor, Department
Sheila Bare (U), Scott Andrew, English
Sean Beard (U), John O'Brien, Art
Abhijit Chaudhari (G), Deborah Van Alphen, Electrical Engineering
Karen C. Friesen (G), Sandra Stanley, English
Dang Hong Huynh (G), Maria E. Zavala, Biology
Stephen Parr (G), David Sannerud, Music
Mohenish Singh (G), Ben Yaspelkis, Kinesiology
Arwen Eliz. Vidal (U), Gerry Simila, Geology
Luis A. Zuniga (U), Behzad Bavarian, Electrical Engineering

2002 Center for Excellence in Learning and Teaching (CELT) Award Recipients for Judge Julian Beck Instructional Improvement Grants

Research and Sponsored Projects

Charles Hanson (Educational Psychology and Counseling) received $589,013 from the Los Angeles Department of Children and Family Services in support of a project titled "Community Family Preservation Network Program."

Merri Pearson (National Center on Deafness) received $270,197 from the U.S. Department of Education in continuing support of a project titled "Increasing Career Choices for Individuals Who Are Deaf and Hard of Hearing."

Richard Moore (Management) received $141,680 from the Employment Training Panel in support of a project titled "The Role of Structured On-Site Training in ETP."

Michael Summers (Biology) received $99,024 from the National Science Foundation in continuing support of a project titled "Routes and Regulation of Cyanobacterial Carbon Catabolism."

Ludim Seja de Manzano (Student Outreach and Recruitment Services) received $88,587 from the Los Angeles Unified School District in continuing support of a project titled "Project STEPS (Systemwide Training for Educational Postsecondary Success)."

Ryoichi Seki (Physics and Astronomy) received $75,000 from the U.S. Department of Energy in continuing support of a project titled "Theoretical Research in Intermediate Energy Nuclear Physics."

Charles Hanson (Educational Psychology and Counseling) and Patti Dengler (Valley Trauma Center) received $59,625 from Catholic Healthcare West in continuing support of a project titled "Case Management Contract."

Allen Martin (Family Environmental Sciences), in conjunction with the UC Riverside Cooperative Extension, received $57,000 from Chase Manhattan to further develop a financial education newsletter for teens titled "Money Talks: Should I Be Listening?"

Philip Rusche (College of Education) received $50,000 from the Los Angeles Unified School District in support of a project titled "Teacher Pipeline and Recruitment."

Gary Chapman (Physics and Astronomy) received $49,406 from NASA in supplemental support of a project titled "Acquisition and Analysis of Precise Ground-Based Photometric Full-Disk Images for the Understanding of Space-Based Solar Total and Spectral Irradiance Observations."

Elena Marchisotto (Mathematics) received $48,165 from UC Berkeley in supplemental support of a project titled "High School Mathematics From an Advanced Standpoint."

Ludim Seja de Manzano (Student Outreach and Recruitment Services) received $38,000 from the Los Angeles Unified School District in continuing support of a project titled "Project STEPS (Systemwide Training for Educational"
Postsecondary Success).

Charles Hanson (Educational Psychology and Counseling) and Patti Dengler (Valley Trauma Center) received $33,360 from the Office of Criminal Justice Planning in continuing support of a project titled "Valley Trauma Center/SART Victim Advocate Program."

Kathleen Marsaglia (Geological Sciences) received $31,810 from the Joint Oceanographic Institutions in support of a project titled "Web/CD Atlas of ODP Core Photographs."

Steven Oppenheimer (Biology) received $30,000 from the Joseph Drown Foundation for his "Cell Adhesion Research," the professor's tenth grant from the foundation totaling more than $300,000.

Larry Baresi (Biology) received $30,000 from the National Renewable Energy Library in support of a project titled "Characterizing Microbial Populations and Metabolic Signatures in Forest Soils."

Charles Hanson (Educational Psychology and Counseling) and Patti Dengler (Valley Trauma Center) received $25,000 from Catholic Healthcare West in support of a project titled "Bilingual Child Abuse Treatment Services (CATS) Advocate."

Herman De Bose (Sociology) received $26,250 from the Los Angeles County Probation Department as supplemental support of a project titled "CSUN Youth Services Specialist (YSS) Program."

Earl Weiss (Accounting) received $24,531 from the Internal Revenue Service in continuing support of a project titled "Low Income Taxpayer Clinic."

Shannon Harp (Psychology) received $23,953 from Medtronic MiniMed in support of a project titled, "Comparative Usability of Wearable Infusion Pumps."

Maureen Rubin (Center for Community Service Learning) received $16,046 from the Los Angeles Unified School District in support of a project titled "CSUN Academic Mentor Program."

Larry Caretto (College of Engineering and Computer Science) received $16,000 from the Air Resources Board in continuing support of a project titled "Innovative Clean Air Technologies Program."

Jerome Seliger (Health Sciences) received $15,973 from the California State Library in support of a project titled "Health Care Options Symposium."

Sembiam Rengarajan (Electrical and Computer Engineering) received $10,539 from Rantec Microwave Systems in support of a project titled "Slot Antenna Study."

Barbara Polland (Child and Adolescent Development) received $8,530 from the Lily Academy of Japan in support of her Child Development Institute.
FYI

For Your Information publishes announcements of public meetings, notices, classes and courses of interest to the university community. The deadline for submitting items generally is noon on Monday, one week before the issue appears.

The deadline for the May 28 issue is Mon., May 20.

We strive to include all items submitted by deadline occurring during the two-week period until the next issue. Items further in advance will be run on a space-available basis. Submit future items by e-mailing them to pubinfo@exec.csun.edu, sending them to mail drop 8242 or faxing them to (818) 677-4909. E-mail is the preferred method of submitting.

Note: fmi-means for more information.

Public Meetings

Educational Policies Committee
Meets 2-4 p.m. Tue., May 14 in University Hall 211.

Educational Policies Committee
Meets 2-4 p.m. Wed., May 15 in University Hall 211.

Faculty Senate
Meets 2-4:30 p.m. Thu., May 16 in the Oviatt Library presentation room, west wing, room 81.

University Corporation Board of Directors
Meets 3 p.m. Fri., May 17 at the University Club.
Notices

Administrator Reviews

Five-year reviews of Joyce Feucht-Haviar, dean of the College of Extended Learning, and Jose Luis Vargas, director of the Educational Opportunity Program (EOP), are underway. Faculty, staff and students who wish to participate in these reviews may do so by requesting a questionnaire from the Office of Faculty Affairs, x2962. Deadline for requesting forms is Monday, May 20.

Jean Gearing Retires

After 27 years of service to the campus community, employee benefits coordinator Jean Gearing is retiring. Gearing has been part of the campus since 1974, and has been the contact person for university employees on benefit issues such as health, savings and retirement plans. In 1998, Gearing was named staff Employee of the Year. Following her retirement, Gearing and her husband plan to move to their home in Lake Tahoe and travel, hike and cross-country ski. Gearing wishes to extend her best wishes and gratitude to all the faculty and staff with whom she has worked through the years. A campus retirement party in Gearing's honor was held on Fri., May 10.

Tom Reilly Passes

Emeritus professor of journalism Tom Reilly passed away Tue., May 7 at his home in Burbank following a long battle with prostate cancer. Reilly, 67, served as Journalism Department chair from 1981-1985 and 1990-1998. Since his 1969 arrival on campus, he taught beginning and advanced reporting, journalism history, mass communications, magazine article writing and graduate seminars. Reilly also was an expert on the Mexican-American War of 1846-1848. No funeral service is planned, but a memorial service will be set in the near future. Reilly is survived by his mother Helen and several cousins. Donations are being accepted for the Tom Reilly Journalism Student Projects Fund in the Journalism Department.

Textbook Buyback

The Matador Bookstore will buy textbooks from students during finals week at three locations:

- Matador Bookstore:
  7:30 a.m. to 7:30 p.m.
  Mon., May 20-Thu., May 23.
  7:30 a.m. to 5 p.m., Fri., May 24.

- Student Lot B1 (drive-through):
  9 a.m. to 5 p.m.
  Mon., May 20-Thu., May 23.
  9 a.m. to 3 p.m. Fri., May 24.

- The Exchange:
  9 a.m. to 5 p.m.
  Mon., May 20-Thu., May 23.

Goodwill Donation Drive

The University Recycling Program and Goodwill Industries are collecting items at CSUN for the annual Check-Out Donation Drive from 9 a.m. to 5 p.m. Wed., May 22 through Fri., May 24. The donation station is located in the University Park Apartments Parking Lot F9. The drive is geared to students moving out of the dorms. An attendant will be on duty to accept donations and issue receipts for tax purposes. fmi-Cyndi Signett, x2477.

Events

Physics & Astronomy Colloquia

The Physics and Astronomy Department is hosting a colloquia titled "Chaotic Transients in Satellite Motion" on Wed., May 15 in Science Building 1, first floor, room 124, starting with refreshments at 3:30 p.m. and the colloquium from 3:45-5 p.m. The guest lecturer will be Victor Andrade from Cal State Los Angeles.

Honored Faculty Reception

The university will honor full- and part-time faculty members who have been employed at the university for 25 years, emeritus professors, and various faculty award winners at the Honored Faculty reception breakfast from 9-11:30 a.m. Thu., May 16 in the University Student Union Grand Salon. The 2002 Faculty Senate officers will be installed. fmi-x3263.

Campbell Retirement Dinner

A retirement dinner honoring political science professor Warren Campbell will be held at the University Student Union Grand Salon at 6:30 p.m. Sat., May 18. Campbell recently retired after being employed at the university for 41 years. Campbell began in the Political Science Department in 1961 when the campus was known as San Fernando Valley State College. During his 41-year tenure, Campbell helped establish the Urban Studies and Planning Program and the Master of Public Administration program. Campbell has been a member of the California State Commission on Intergovernmental Relations, served as the executive director for the Destination Ninety Forum Citizens' Planning Program and chaired the City of Los Angeles Board of Zoning Appeals. fmi-Prudence Oey, x2904 or hfurb001@csun.edu.

Mary Cleary Memorial

A campus memorial service for Mary Cleary, the wife of former Cal State Northridge President James Cleary, will be held from 3-5 p.m. Tue., June 11 in the University Student Union Grand Salon. Mary Cleary passed away Wed., April 24 in Boise, Idaho after a 12-year battle with non-Hodgkin's lymphoma. A funeral mass and memorial service also will be held Wed., May 22 at St. John's Cathedral in Boise, Idaho.

Classes

Health/Safety Workshops

The Office of Environmental Health and Occupational Safety offers a variety of health and safety workshops. For reservations, call x2401. The upcoming classes will take place in the Oviatt Library, Human Resource training room 16:

- Ergonomics: 10-11 a.m. Fri., May 17. Participants will learn techniques to customize their workstations and tasks, identify potential problems and begin implementing solutions.
- Hazard Communication: 10-11 a.m. Mon., May 20. This is required training for those who work with hazardous substances on the job.

Faculty Computer Workshops
The offices of Undergraduate Studies and Online Instruction are sponsoring faculty computer workshops to facilitate online teaching and learning. All workshops will be held in the faculty lab in Sierra Hall, fourth floor, room 442. Any of the workshops may be taken individually and assume no prior knowledge. Before taking a workshop, you must sign up for a WebCT account on that particular topic at: www.csun.edu/~webteach/WebCTHelp.html. For reservations call x6558.

The following courses are upcoming:

- WebCT I & II: 10 a.m.-noon Mon., June 3.
- WebCT III & IV: 10 a.m.-noon Tue., June 4.
- Flashlight and PowerPoint Online: 10 a.m.-noon Thu., June 6.
- Bring a lunch and discuss your experiences with online teaching and learning: noon-1 p.m. Mon., June 3 through Thu., June 6.
- Let the online instruction staff help you one-on-one with any project you are working on: 1-3 p.m. Mon., June 3 through Thu., June 6.

Deadlines

Ruth Lencione Fellowship

The Family Environmental Sciences Department is offering the Ruth Lencione Fellowship open to undergraduate and graduate students who wish to work with young children and their families. The award is $6,000 for the two-semester fellowship. Ruth Lencione was a former chair of communicative disorders at Syracuse University. After her retirement there, she became a part-time faculty member at Northridge. Applications for the fellowship are due before Sat., June 15. Brochures and applications are available from the Family Environmental Sciences office, Sequoia Hall, first floor, room 141 or call x3051.

Fulbright Scholar Awards

Each year the Council for International Exchange of Scholars (CIES) offers more than 800 awards in some 135 countries to teach and conduct research or study abroad. Applications and information booklets for the 2003-2004 awards are available in the Graduate Studies, Research and International Programs Office (GRIP), University Hall, second floor, room 265. Due date for Fulbright Awards submissions is Thu., Aug. 1.
The Associated Students Ticket Office is in the University Student Union sells tickets to many events on campus, excepted for some held by outside groups. The ticket office is open from 9:30 a.m.-5p.m. Mon.-Fri.. For prices not given, call (818) 677-3093, or x2488.

**Art**

Admission is free unless otherwise specified.

**Mother, Weep No More**

Ceramic sculptures by Sean Beard and hand stitched textiles by members of the African American Quilt Guild depict the integration of African art traditions into American culture.

Through Sat., June 1.
Performing Arts Center Gallery.

**Art Student Exhibition**

Exhibition of works by CSUN graduate and undergraduate students in all media of the visual arts.

Through Fri., May 31.
Main Art Gallery

**Athletics (home games)**

**Men's Baseball**

5/14 Loyola Marymount 3 p.m.
5/17 UC Irvine 3 p.m.
5/18 UC Irvine 1 p.m.
5/19 UC Irvine 1 p.m.

**Music**
Admission to all music events (unless otherwise specified): $10 general, $7 faculty, staff and seniors, $5 students.

**CSUN Opera Workshop**

David Sannerud directs.
Tue., May 14, 8 p.m.
Nordhoff Hall Studio Theater
$10 general; $7 faculty, staff and seniors; $5 students.

**CSUN Youth Orchestra Gala Finale**

Youth Philharmonic
Jerry Luedders directs and conducts.
Youth Symphony
Edward Kawakami conducts.
Camerata Strings
Kimberly Blake-Kilgore conducts.
Sun., May 19, 3 p.m.
Northridge Center
$10 general; $7 faculty, staff and seniors; $5 students.

"Show of the Month" Celebrity Series
White Cliffs of Dover... The Music of World War II

Lainie Nelson and Michael G. Hawkins perform tributes to the spirit, joys, sorrows and the music of England during World War II.
Sun., May 19, 3 p.m.
Performing Arts Center
$35 general; $30 CSUN faculty, staff and students.
For tickets, call (818) 785-8885.
