Puerto Rican Origin
Change in Population
1990 - 2010

Five-county 2010 population of persons of Puerto Rican origin is 86,695 and change in that population between 1990 and 2010 is an increase of 21,647.

Census 2010 race data are from SF1. 1990 estimates of race population in 2010 tracts are based on the 1990 Fullcount table created by John R. Logan, Zengwang Xu, and Brian Stults. http://www.s4.brown.edu/us2010/Researcher/Bridging.htm
Five-county population of persons of Puerto Rican origin is 86,695.
Bar length indicates proportion of all valid tracts included in a category.
In most cases a category includes 2, 3, 5, 10, 30, 40, or 50 percent of the included tracts.
The bar length of the excluded tracts is not related to its tract count.
