Amy Dolman

To Bonny L. Gifford:

My name is Amy Dolman. I am currently a junior at Dartmouth High School. I really enjoy going to Dartmouth high and I think it is a great school district. I currently run track in the fall and winter, and play tennis in the spring. Being an athlete for Dartmouth means a lot to me and has really shaped my high school experience. However, I am not sure if I will be able to continue my senior year as an athlete due to the new sports fees.

Sports are an outlet out of trouble for a lot of students. For myself, it keeps me focused and committed to my team and staying healthy. I have a very supportive family but not one from money. I am not sure how I will be able to afford $300 a year just to be on a team.

I am afraid of what this sports fee will result in: possibly a drop in sports teams, increased crime, or students turning to drugs and alcohol. Playing a sport helps students be responsible and make good choices because they have made a commitment to their coach and team.

I am writing this letter to dispute this sports fee and keep sports free and available to ALL students, not just those who can afford it. Often times the students who need sports the most are not the ones who could afford a fee. I am asking to please do more research and learn about the repercussions of this decision. Please feel free to contact me via phone: [redacted] or by email: [redacted]. I look forward to hearing from you.

Thank you,

Amy Dolman

Interview Guessing Game

Name: ______________________________
Partner’s Name: ______________________________

Round 1:                                        Round 2:
Interviewer’s name: _____________  Interviewer’s name: _____________
Interviewee’s name: _____________  Interviewee’s name: _____________

*Only fill out the next part if you are the INTERVIEWER:

Interview questions: Must include 3 open-ended questions (cannot be answered with a yes or a no)
1. __________________________________________________________________________
__________________________________________________________________________

Answer: __________________________________________________________________________
__________________________________________________________________________

2. __________________________________________________________________________
__________________________________________________________________________

Answer: __________________________________________________________________________
__________________________________________________________________________

3. __________________________________________________________________________
__________________________________________________________________________
Answer: ____________________________________________

4. _________________________________________________

Answer: ____________________________________________

5. _________________________________________________

Answer: ____________________________________________

Guess the community:

Rural   Urban   Suburban

The answer was: _____________________________________!
