Educational Policies Committee  
Meeting Minutes  
Wednesday, September 20, 2023  
Status of Minutes: Approved 10/4/23

Attendees  
Members Absent: K. Grote (on leave)  
Staff: S. Thompson, R. Guerra, J. Hunter  

I. Announcements

A. D. Weingarten announced that the Dean’s List Policy revisions from last semester were approved by the Faculty Senate on September 14, 2023. The Faculty Senate also considered the Major and Minor Policy revisions for a first reading, with no notes or feedback provided. The policy recommendation will be considered for a second reading at the next Senate Executive Committee meeting on September 28, 2023.

II. Business

A. The minutes from 9/6/2023 were **MSP approved**.

B. Program Review Representative  
   1. J. DeBonis volunteered to attend the Cinema and Television Arts external review exit meeting on 10/10 from 12 p.m.-1 p.m. (location TBD).

C. The committee considered proposed revisions to the Undergraduate Institutional Learning Outcomes (ILOs) to include the Diversity, Equity, Inclusion and Justice (DEIJ) standards developed by a Faculty Learning Community (FLC) last academic year. Minor edits were made during the meeting to several DEIJ ILOs in consultation with FLC representatives T. Montaño and B. Limas. The revised DEIJ ILOs were **MSP approved** to be forwarded to the Faculty Senate (see **Attachment I**).
D. Provisionally Approved Curriculum

The following items were informational and not voted on.

SELECTED TOPICS

College of Humanities
1. ENGL 495AG – American Gothic (3)

PREVIOUSLY OFFERED EXPERIMENTAL TOPICS

Mike Curb College of Arts, Media, and Communication
2. ART 296PV – Introduction to Digital Photography/Video (3)
   (previously offered Spring 2023)

David Nazarian College of Business and Economics
3. MGT 496LDR – Leadership in Motion (3)
   (previously offered Fall 2022)

College of Humanities
4. RS 396D – Jainism (3)
   (previously approved but not yet offered)

College of Social and Behavioral Sciences
5. POLS 496M – The Politics of Climate Change (3)
   (previously offered Fall 2021)

University Library
6. LIB 296A – The Information Ecosystem: Becoming a Savvy User (1)
   (previously offered Spring 2023, Fall 2023)

E. Previously Offered Experimental Topics

College of Social and Behavioral Sciences
1. POLS 496SP – Sports and Politics (3). MSP approved.
   (previously offered Fall 2016)

F. Curriculum proposals on the Consent Calendar were MSP approved, with revision to the course description for MKT 348 (see Attachment II).

G. B. Limas read the committee charge and explained the role of the Senate Executive Committee liaison.

H. AB 928 Update
1. EPC members reviewed and discussed differences between the current CSUN GE SLOs and Cal-GETC Standards version 1.0. Primary concerns included Cal-GETC Standards that lack CSUN SLOs, outdated terminology used in some Cal-GETC Standards (e.g., references to “men and women” rather than “humans”) and other restrictions in Cal-GETC (such as limitations on courses that can count for Physical Science or Life Science, and that Social Sciences must be selected from more than one academic discipline). The committee
was less concerned about students transferring in with more content than required in CSUN’s GE SLOs. A. Swenson reminded the committee that AB 928 establishes a singular lower division general education pathway for California Community College transfer admission to both the CSU and UC, but it does not change CSU GE Breadth or other requirements (such as Title 5 American Institutions). D. Weingarten suggested developing a plan that keeps CSUN’s current curriculum intact, preparing the campus to respond, if necessary, to changes that may be implemented by Chancellor’s Office.

Meeting adjourned at 4:02 p.m.
Attachment I: Undergraduate Institutional Learning Outcomes Policy (Revised)

Communication Spoken/Signed
Education for understanding the basic concepts and practices associated with public speaking or signing includes making public presentations of one’s own thoughts and research.

Outcomes
Students will:
1. Apply critical thinking skills when listening, reading, thinking, and speaking or signing.
2. Create, organize and support ideas for various types of spoken and signed presentations.
3. Evaluate contexts, attitudes, values and responses of different audiences.
4. Identify, evaluate and apply different styles of presentation, utilizing effective delivery techniques in public speaking or signing.
5. Demonstrate acceptable ethical standards in research and presentation of materials, including proper verbal or signed citations.
6. Examine the complexities of different intersectional lived realities of audiences through spoken and signed communication. (Examine Diverse Audiences)

Communication Written
Education for understanding the basic concepts and practices associated with written communication includes analyzing and reflecting on complex topics and appropriately synthesizing one’s own and others’ ideas in clearly written and well-organized edited American English.

Outcomes
Students will:
1. Analyze and compare perspective, meaning and style in different texts, including those that reflect multicultural images and voices.
2. Construct a theme or thesis and organize and develop a substantial, balanced and convincing defense of it in a voice, tone, language and format (e.g., essay autobiography, report, editorial, case study, inquiry and research) appropriate to the purpose of the writing.
3. Use logical support, including informed opinion and fact, as well as their interpretations, to develop ideas, avoiding fallacies, biased language and inappropriate tone.
4. Demonstrate satisfactory competence in the conventions of Edited American English and the elements of a presentation (including layout, format and printing).
5. Select and incorporate ideas derived from a variety of sources, such as library electronic and print resources, books, journals, the Internet and interviews, and document them responsibly and correctly.
6. Apply a variety of strategies for planning, outlining, drafting, revising and editing written work.
7. Apply research, reading, critical analysis and writing literacy skills to expose existing social inequities in order to inform society about equity, diversity and justice. (Expose)

Community Engagement
Education for community-based learning is a pedagogy that integrates explicit academic learning objectives, preparation and reflection with meaningful work in the community. It focuses on learning through assignments that involve the application of theory to practice and result in improved student learning outcomes, including enhanced understanding of course content, critical-thinking skills, retention, sensitivity to diversity and the ability to apply the academic concept.

Outcomes
Students will:
1. Develop an understanding of the social, cultural and civic aspects of their personal identities. *(Self and Social Awareness)*
2. Develop an understanding of social responsibility and the connections between short-term community service and greater long-term societal well-being. *(Service and Social Responsibility)*
3. Develop an understanding of how the actions of individuals and social systems bring about both equity and inequity in communities and society. *(Community and Social Justice)*
4. Develop career skills needed to address the cultural, linguistic, humanistic, artistic, economic, scientific, social and/or civic issues of our time. *(Career Development and Professional Development)*
5. Learn from and work responsively and inclusively with diverse individuals, groups and organizations to build more just, equitable and sustainable communities. *(Multicultural Community Building/Civic Engagement)*
6. Reflect on one’s positionality while engaging and collaborating with diverse community-based organizations and groups. *(Self-Reflection)*

**Critical Thinking**

Education for critical thinking includes analyzing information and ideas carefully and logically from multiple perspectives and developing reasoned solutions to problems.

**Outcomes**

Students will:
1. Explain and apply the basic concepts essential to a critical examination and evaluation of argumentative discourse.
2. Use investigative and analytical thinking skills to examine alternatives, explore complex questions and solve challenging problems.
3. Synthesize information in order to arrive at reasoned conclusions.
4. Evaluate the logic and validity of arguments, as well as the relevance of data and information.
5. Recognize and avoid common logical and rhetorical fallacies.
6. Analyze issues of intersectionality, marginalization, and oppression with reference to race, class, gender, and other individual characteristics to develop a critical consciousness required to construct a more just society. *(Critical Consciousness)*

**Global Learning**

Education for global learning includes understanding the diversity and multiplicity of cultural forces that shape the world through the study of cultures, gender, sexuality, race, religion, class, ethnicities, and languages with a special focus on the contributions, differences, and global perspectives of diverse cultures and societies.

**Outcomes**

Students will:
1. Describe and compare different cultures.
2. Explain how various cultures contribute to the development of our multicultural world.
3. Describe and explain how race, ethnicity, class, gender, religion, sexuality and other markers of social identity impact life experiences and social relations.
4. Analyze and explain the deleterious impact and the privileges sustained by racism, sexism, ethnocentrism, classism, homophobia, religious intolerance or stereotyping on all sectors of society.
5. Demonstrate linguistic and cultural proficiency in a language other than English.
6. Demonstrate commitment to the construction of an equitable and just society. *(Demonstrate Commitment)*
**Information Literacy/Competency**

Education for information competency includes progressively developing information competence skills throughout one’s undergraduate career by developing a basic understanding of information retrieval tools and practices, as well as improving their ability to evaluate and synthesize information ethically.

**Outcomes**

Students will:

1. Determine the nature and extent of information needed.
2. Demonstrate effective search strategies for finding information using a variety of sources and methods.
3. Locate, retrieve and evaluate a variety of relevant information, including print and electronic formats.
4. Organize and synthesize information in order to communicate effectively.
5. Explain the legal and ethical dimensions of the use of information.
6. Analyze information critically to promote diversity, equity, and justice in scholarship, research, and knowledge production. (Critical Information Literacy)

**Quantitative Reasoning**

Education for mathematical reasoning includes gaining competence for informed judgment and decision making.

**Outcomes**

Students will:

1. Represent, understand and explain mathematical information symbolically, graphically, numerically, spoken and/or signed.
2. Develop mathematical models of real-world situations and explain the assumptions and limitations of those models.
3. Use models to make predictions, draw conclusions, check whether the results are reasonable and find optimal results using technology when necessary and appropriate.
4. Demonstrate an understanding of the nature of mathematical reasoning, including the ability to prove simple results and/or make statistical inferences.
5. Use mathematical reasoning to shape a more equitable and humane society. (Real World Application)
Attachment II: Consent Calendar

Some curriculum proposals will be moved onto a “consent calendar” on the agenda. The purpose of the consent calendar will be to expedite items deemed to be minor and non-controversial. The Chair of EPC will move items onto the consent calendar in consultation with the Executive Secretary of the Committee. All of these items will remain available for review by all EPC members and any EPC member may remove an item from the consent calendar at any time prior to or during the meeting at which the item is to be considered. Items on the consent calendar will be acted upon as a single item. (EPC Standard Operating Procedures, page 3.)

A. College of Engineering and Computer Science

Computer Science

Course Modification
1. COMP 469 – Introduction to Artificial Intelligence (3)
   *Change course number from 469 to 569, change course level, title, short title, description and requisites*

Program Modifications
2. Computer Information Technology, B.S.
   *Add COMP 502 to list of courses excluded from upper division electives which can be used to satisfy Domain Emphasis*
3. Computer Science, B.S.
   *Add COMP 502 to list of courses excluded from upper division electives*
4. Computer Science Minor
   *Add COMP 502 to list of courses excluded from upper division Computer Science electives*

Manufacturing Systems Engineering and Management

New Courses
5. MSE 403 – Facilities Planning and Design (3)
   *Reactivate MSE 403 in place of MSE 403CS*
6. MSE 488B – MSEM Senior Design II (2)
   *Reactivate MSE 488B in place of MSE 488BCS*

Delete Courses
7. MSE 403CS – Facilities Planning and Design (3)
   *Replaced by MSE 403*
8. MSE 488BCS – MSEM Senior Design II (2)
   *Replaced by MSE 488B*

Course Modifications
9. MSE 220/L – Construction Materials and Lab (2/1)
   *Change course description and requisites*
10. MSE 227 – Engineering Materials (3)
    *Change course description and requisites*
11. MSE 227L – Engineering Materials Lab (1)
    Change course description and requisites
12. MSE 248/L – Engineering CAD and Graphics and Lab (2/1)
    Change course description and requisites; change grading basis for lab
13. MSE 300 – Construction Technology Economy (3)
    Change course title, short title and description
14. MSE 362 – Engineering Statistical Applications (3)
    Change course description and requisites
15. MSE 415 – Product Design (3)
    Change course description and requisites
16. MSE 420 – New Product Innovation and Technical Entrepreneurship for Engineers (3)
    Change course description and requisites
17. MSE 488A – MSEM Senior Design I (2)
    Change course description and requisites

Program Modifications
18. Manufacturing Systems Engineering, B.S.
    Change MSE 403CS to MSE 403 and MSE 488BCS to MSE 488B

Mechanical Engineering
Course Modifications
19. ME 309 – Numerical Analysis of Engineering Systems (2)
    Change course description and requisites
20. ME 386/L – Computer-Aided Analysis and Design and Lab (2/1)
    Change course description and requisites
21. ME 494A – Academic Internship (1)
    Change grading basis from Letter Grade Only to Credit/No Credit Only, change course description

Program Modification
22. Mechanical Engineering, B.S.
    Replace ECE 240 with ECE 240N

B. College of Health and Human Development
Family and Consumer Sciences
Course Modification
1. FCS 360/L – Textiles and Lab (2/1)
    Change course title and short title

Kinesiology
Program Modification
2. Kinesiology, B.S. – Exercise Science Option
    Add KIN 448/L as an elective
C. College of Humanities

**Chicana and Chicano Studies**

**Program Modification**
1. Heritage and Community Languages Minor
   *Update course titles for CHS 101 and CHS 102*

**Gender and Women’s Studies**
